The Hawaii Geographic Coordinating Council is glad to announce a new Sponsorship program. Like our parent; the National States Geographic Information Council, (NSGIC: <https://www.nsgic.org/>) we are offering this program to better work with our commercial and for-profit organizations in a way that benefits our members, community, and the HIGICC.

The funds from this program will allow us to offer more events at a lower cost to HIGICC members. It is a way of supporting the development of strategic connections between our members and sponsors.

Benefits include exposure and establishing your brand, positioning as an industry leader, and building relationships. We invite you and your organization to explore this exciting program.

We are offering two levels of annual sponsorship opportunities, Premium and Standard:
